

Official Return to Work Guidelines for Foodservice Establishments

Updated on 6/21/20 with revisions to the Massachusetts and Vermont.

- *Massachusetts: Indoor dining permitted, effective 6/22/20*
 - *No specific capacity limits; tables must be spaced at least six feet away from each other (unless separated by some sort of barrier) and limited to groups of up to six people*
- *Vermont: Indoor dining to increase to 50% of fire safety occupancy, with a maximum of 75 people indoors and 150 people outdoors, effective 6/26/20*

For questions or to receive the latest version, please contact **Angelo I. Amador**, Executive Director of the Restaurant Law Center, at 202-492-5037 or via e-mail at aamador@restaurant.org. Special thanks to Michael J. Lotito and Walt Mullon from **Little’s Workplace Policy Institute** for their assistance in drafting this document.

Jurisdiction	United States
Official Guidelines	<ul style="list-style-type: none"> • Opening Up America Again Guidelines • CDC Considerations for Restaurants and Bars, updated 5/27/20 • EEOC FAQ - What You Should Know About COVID-19 and the ADA, the Rehabilitation Act, and Other EEO Laws, updated 6/17/20

State Guidelines

State	Alabama
Official Orders and Guidance	<ul style="list-style-type: none"> • Safer-at-home order expiration date: 5/22/20 • Reopening Alabama Guidance • Alabama Department of Health Guidelines • Alabama Restaurant & Hospitality Association Reopening Guidelines
Dine-In	<ul style="list-style-type: none"> • Permitted, with restrictions, effective 5/11/20

	<ul style="list-style-type: none"> • Curbside pickup and delivery are strongly encouraged
Employee PPE	<ul style="list-style-type: none"> • Each employee shall wear a mask or other facial covering that covers his or her nostrils and mouth at all times while in regular interaction with patrons or guests
Employee Health Checks	<ul style="list-style-type: none"> • Plan calls for monitoring the health of employees and sending home any employee who displays symptoms • All employees are required to report any fever or illness to supervisor
Customer Health Checks / PPE	<ul style="list-style-type: none"> • N/A
Sanitation	<ul style="list-style-type: none"> • Hand washing required; no provisions regarding frequency or breaks • High customer contact areas (e.g. door entrances) will be cleaned every two hours • Drink refills shall be in clean/unused glass/cups • Menus, if laminated, should be cleaned after each usage or paper menus shall be designed for single use and disposed of • Use single-use items as much as possible, such as packets of ketchup or salt • Have hand sanitizer and sanitizing products readily available for employees and guests • Create a plan for and checklist of all surfaces your staff and guests will come in contact with <ul style="list-style-type: none"> ○ Train your staff on these surfaces and prepare procedures for elevated cleaning and sanitizing of these surfaces • Dedicate staff members on each shift to sanitizing surfaces in dining areas and restrooms
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> • Tables must be distanced 6 feet apart with no more than 8 guests per table • Staff will limit the number of customers in the restaurant to those that can be adequately distanced 6 feet apart • Adhere to social distancing guidelines in bar areas • Avoid gathering of guests at entrances and exits and designate appropriate social distancing spacing • Designate with signage, tape, or by other means appropriate social distancing spacing for employees and customers <ul style="list-style-type: none"> ○ Spacing should be illustrated, as much as possible, in a waiting area, kitchen, back of the house, laundry, and prep area • Any indoor or outdoor waiting area must be marked so that social distancing standards are met <ul style="list-style-type: none"> ○ One member of a party may be allowed in waiting area while other members of their party wait in their car
Changes to Payment Systems	<ul style="list-style-type: none"> • Where practicable, use physical barriers such as partitions or plexiglass at registers.
Other Operational Guidelines	<ul style="list-style-type: none"> • Businesses open to the public should post a sign at the entrance stating that individuals who have a fever, cough or any sign of sickness should not enter, and should also post a description of their sanitation and social distancing measures • Condiments are not to be left on tables; provided by request and sanitized after usage or disposable packets should be used • Employees are encouraged to take ServSafe Food Handler class to learn more about food safety as it relates to COVID-19
Local Exceptions	<ul style="list-style-type: none"> • N/A
State	Alaska
Official Orders and Guidance	<ul style="list-style-type: none"> • Stay at home order expiration date: 4/21/20 • Restaurant Reopening Guidance (Effective 5/8/20) <ul style="list-style-type: none"> ○ Phase 3 and 4 Guidance, to begin on 5/22/20 ○ Majority of previous mandates become advisories

	<ul style="list-style-type: none"> • Alaska Cabaret, Hotel, Restaurant, and Retailers Association Reopening Guidance
Dine-In	<ul style="list-style-type: none"> • Yes
Employee PPE	<ul style="list-style-type: none"> • N/A
Employee Health Checks	<ul style="list-style-type: none"> • Consider pre-shift screening of staff for symptoms (while protecting staff privacy) • Encourage sick staff to stay home and provide a sick leave policy that is flexible and non-punitive, as well as telework policies where possible • Establish an action plan in the event that someone becomes sick – this should include contact tracing and notifications, notification of authorities, and closing and properly disinfecting affected areas
Customer Health Checks / PPE	<ul style="list-style-type: none"> • N/A
Sanitation	<ul style="list-style-type: none"> • Promote social distancing and healthy hygiene practices, such as handwashing and cloth face coverings; examples include: <ul style="list-style-type: none"> ○ Use touch-free methods of communication, such as replacing “buzzers” with text notifications of table availability and allowing dine-in customers to order ahead ○ Avoid any self-serve food or drink options such as buffets, salad bars, and drink stations • Maintain high standards for cleaning, disinfection, and ventilation; important actions include: <ul style="list-style-type: none"> ○ Cleaning and disinfecting frequently touched surfaces at least daily, and shared objects between use ○ Use products that met EPA’s criteria for use against SARS-CoV-2 ○ Avoid sharing items as much as possible – use disposable or digital menus, single serving condiments, touchless payment methods, and disposable food service items ○ Sanitize pens between use ○ Ensure that ventilation systems operate properly and where possible, increase circulation of outdoor air
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> • Provide drive-through, delivery, or curbside pick-up options, and provide outdoor seating as much as possible • Provide physical guides to ensure that customers remain six feet apart, and physical barriers where maintaining distance is difficult (such as sneeze guards and partitions at host stands)
Changes to Payment Systems	<ul style="list-style-type: none"> • N/A
Other Operational Guidelines	<ul style="list-style-type: none"> • Implement a comprehensive and operations plan to prevent spread of the virus
Local Exceptions	<ul style="list-style-type: none"> • The city of Anchorage’s current operating guidelines remain in effect
State	Arizona
Official Orders and Guidance	<ul style="list-style-type: none"> • Stay at home expiration date: 5/15/20 • Order to resume dining room operations, effective 5/11/20 <ul style="list-style-type: none"> ○ Accompanying restaurant guidance ○ Requirements for Restaurants and Bars Providing Dine-In Services • Order allowing alcohol with to-go orders

	<ul style="list-style-type: none"> • Arizona Restaurant Association – “Welcome Back to the Table” Reopening Guidance
Dine-In	<ul style="list-style-type: none"> • Permitted, with restrictions (effective 5/11/20)
Employee PPE	<ul style="list-style-type: none"> • If the local government has not mandated mask or cloth face covering requirements, cloth masks are required for all servers, host staff and employees that interact with customers <ul style="list-style-type: none"> ○ Develop and enforce standards for the use of non-medical grade masks or cloth face coverings by employees when near other employees and customers
Employee Health Checks	<ul style="list-style-type: none"> • Implement symptom screening for employees prior to the start of their shift <ul style="list-style-type: none"> ○ Wellness/symptom checks, including temperature checks for all restaurant personnel, as they arrive on premises and before the opening of a restaurant
Customer Health Checks / PPE	<ul style="list-style-type: none"> • Post physical and/or electronic signage posting at the restaurant entrance of public health advisories prohibiting individuals who are symptomatic from entering the premises
Sanitation	<ul style="list-style-type: none"> • Restaurants should sanitize customer areas after each sitting with EPA-registered disinfectant, including but not limited to: <ul style="list-style-type: none"> ○ Tables ○ Tablecloths ○ Chairs/booth seats ○ Table-top condiments and condiment holders ○ Any other surface or item a customer is likely to have touched • Enforce hand washing, covering coughs and sneezes • Ensure adequate supplies to support healthy hygiene practices for both employees and customers including soap, hand sanitizer with at least 60 percent alcohol (perhaps on every table, if supplies allow), and tissues • Intensify cleaning, disinfection and ventilation practices • Wash, rinse, and sanitize food contact surfaces, food preparation surfaces, and beverage equipment after use • Avoid using or sharing items such as menus, condiments, and any other food. Instead, use disposable or digital menus, single serving condiments, and no-touch trash cans and doors • Avoid using or sharing items such as menus, condiments, and any other food <ul style="list-style-type: none"> ○ Use disposable or digital menus, single serving condiments, and no-touch trash cans and doors • Train all employees in the above safety actions • Implement comprehensive sanitation protocols, including increased sanitation schedules for bathrooms • Develop and enforce handwashing policy for servers as it exists in the Food Code
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> • Enforce physical distancing of at least 6 feet between customers • Maintain physical distancing of at least 6 feet in between tables, including limiting parties to no more than 10 <ul style="list-style-type: none"> ○ Clearly mark tables and chairs that are not in use • Maintain clearly marked 6-foot spacing marks and/or signage along entrances, waiting areas, hallways, patios, and restrooms and any other location within a restaurant where queues may form or patrons may congregate • Bar top or counter seating is not allowed, unless each party is spaced approximately 6 feet apart • Operate with reduced occupancy and capacity based on the size of the business location with special attention to limiting areas where customers and employees can congregate

Changes to Payment Systems	<ul style="list-style-type: none"> Changes to payment systems: If possible, use touchless payment (pay without touching money, a card, or a keypad). If you must handle money, a card, or use a keypad, use hand sanitizer immediately after
Other Operational Guidelines	<ul style="list-style-type: none"> Avoid instances where customers serve their own food
Local Exceptions	<ul style="list-style-type: none"> N/A
State	Arkansas
Official Orders and Guidance	<ul style="list-style-type: none"> Restaurant restrictions ease starting 4/29/20 Restaurant Reopening Guidance – Phase 2
Dine-In	<ul style="list-style-type: none"> Permitted, with restrictions (effective 5/11/20)
Employee PPE	<ul style="list-style-type: none"> All staff who come in contact with patrons must wear a face mask that completely covers their nose and mouth <ul style="list-style-type: none"> Staff in the back are encouraged to wear a face mask All staff are required to wear gloves <ul style="list-style-type: none"> Gloves shall be changed out between each customer, customer group, or task
Employee Health Checks	<ul style="list-style-type: none"> All staff shall be screened daily before entering the facility Any employee with a cough, sore throat, fever, or shortness of breath shall be immediately excluded from the facility Facilities with any employee testing positive shall be reported to the Arkansas Department of Health immediately
Customer Health Checks / PPE	<ul style="list-style-type: none"> Patrons must wear a face covering upon entrance and while in the restaurant until the food or drink is served Service may be declined to patrons not wearing masks
Sanitation	<ul style="list-style-type: none"> Following each meal service, the tables, chairs, menus and any other frequently contacted surfaces including, but not limited to, condiment containers, napkin holders and salt/pepper shakers shall be cleaned and disinfected prior to seating the next customer <ul style="list-style-type: none"> Products with an EPA-approved emerging viral pathogen claims are expected to be effective against COVID-19. Follow the manufacturer’s instructions for these products. For a list of EPA-approved emerging pathogen sanitizers: https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2. (Non-food contact surfaces may be sanitized with 1/2 cup of regular, unscented bleach per gallon of water followed by a 5-minute contact time.) Food contact surfaces shall be sanitized in accordance with §4-501.114 of the Rules Pertaining to Retail Food Establishments Single-Use items including, but not limited to, disposable silverware, condiment packets, and straws shall be removed from public access and provided only upon request Restrooms and other high-touch areas shall be disinfected frequently based on customer volume
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> Seating shall be limited up to 66% of total seating capacity. This includes indoor and outdoor dining areas Seating shall be adjusted to maintain 6-foot physical distancing between tables so occupied seats are six feet from seats at adjacent tables Groups shall be limited, not to exceed 10 people
Changes to Payment Systems	<ul style="list-style-type: none"> N/A

Other Operational Guidelines	<ul style="list-style-type: none"> • Reservations should be encouraged when practical <ul style="list-style-type: none"> ○ If reservations are not made, physical distancing must be maintained when customers are waiting to be seated • Signage must be placed at the front of restaurants to alert patrons not to enter the facility if they are sick or have symptoms such as cough, sore throat, fever, or shortness of breath • Encourage customers to pre-order meals to reduce time spent in the facility <ul style="list-style-type: none"> ○ This includes for takeout services. • Restaurants are encouraged to have a senior hour to provide exclusive access to these high-risk individuals • Self-service operations, including, but not limited to, salad bars, buffets, and condiment bars shall remain closed for patron access • Bars and entertainment operations (such as live music, in-seat gaming devices, or arcades) within restaurants are prohibited <ul style="list-style-type: none"> ○ Normal service of alcohol within the restaurant seating area is allowed; this does not restrict the preparation of alcoholic beverages in the bar area
Local Exceptions	<ul style="list-style-type: none"> • N/A
State	California
Official Orders and Guidance	<ul style="list-style-type: none"> • Stay at home order in effect until rescinded • Phased Roadmap for Recovery <ul style="list-style-type: none"> ○ Dine-in restrictions set to ease in “Expanded” Phase 2 (no date specified) • Guidance for restaurants
Dine-In	<ul style="list-style-type: none"> • Restaurants limited to takeout and delivery
Employee PPE	<ul style="list-style-type: none"> • Employers should provide and ensure workers use all required protective equipment, including face coverings and gloves where necessary • Employers should consider where disposable glove use may be helpful to supplement frequent handwashing or use of hand sanitizer; examples are for workers who are screening others for symptoms or handling commonly touched items <ul style="list-style-type: none"> ○ Workers should wear gloves when handling items contaminated by body fluids • Face coverings are strongly recommended when employees are in the vicinity of others <ul style="list-style-type: none"> ○ Workers should have face coverings available and wear them when at work, in offices, or in a vehicle during work-related travel with others ○ Face coverings must not be shared • Servers, bussers, and other workers moving items used by customers (dirty cups, plates, napkins, etc.) or handling trash bags should use disposable gloves (and wash hands before putting them on and after removing them) and provide aprons and change frequently • Dishwashers should use equipment to protect the eyes, nose, and mouth from contaminant splash using a combination of face coverings, protective glasses, and/or face shields <ul style="list-style-type: none"> ○ Dishwashers must be provided impermeable aprons and change frequently. Reusable protective equipment such as shields and glasses should be properly disinfected between uses

Employee Health Checks	<ul style="list-style-type: none"> • Provide temperature and/or symptom screenings for all workers at the beginning of their shift and any vendors, contractors, or other workers entering the establishment. Make sure the temperature/symptom screener avoids close contact with workers to the extent possible. Both screeners and employees should wear face coverings for the screening • If requiring self-screening at home, which is an appropriate alternative to providing it at the establishment, ensure that screening was performed prior to the worker leaving the home for their shift and follows CDC guidelines
Customer Health Checks / PPE	<ul style="list-style-type: none"> • Guests and visitors should be screened for symptoms upon arrival, asked to use hand sanitizer, and to bring and wear a face covering when not eating or drinking • Appropriate signage should also be prominently displayed outlining proper face covering usage and current physical distancing practices in use at all entrances and throughout the property
Sanitation	<ul style="list-style-type: none"> • Provide disposable menus to guests and make menus available digitally so that customers can view on a personal electronic device, if possible <ul style="list-style-type: none"> ○ If disposable menus cannot be provided, properly disinfect menus before and after customer use ○ Consider options for customers to order ahead of time • Discontinue pre-setting tables with napkins, cutlery, glassware, food ware, etc. <ul style="list-style-type: none"> ○ These should be supplied individually to customers as needed ○ Do not leave card stands, flyers, napkin holders, or other items on tables • Suspend use of shared food items such as condiment bottles, salt and pepper shakers, etc. and provide these foods in single serve containers, if possible <ul style="list-style-type: none"> ○ Where this is not possible, shared items such as condiment bottles, shakers, etc., should be supplied as needed to customers and disinfected after each use • Pre-roll utensils in napkins prior to use by customers <ul style="list-style-type: none"> ○ Employees must wash hands before pre-rolling utensils in napkins ○ The pre-roll should then be stored in a clean container ○ After customers are seated, the pre-roll should be put on the table by an employee who recently washed their hands • Reusable customer items including utensils, food ware, breadbaskets, etc., must be properly washed, rinsed, and sanitized • Cleaned flatware, stemware, dishware, etc., must be properly stored away from customers and personnel until ready for use <ul style="list-style-type: none"> ○ Use disposable items if proper cleaning of reusable items is infeasible • Takeout containers must be filled by customers and available only upon request • Perform thorough cleaning in high traffic areas, such as customer waiting areas and lobbies, break rooms, lunch areas and areas of ingress and egress including host stands, entry ways, stairways, stairwells, escalators, handrails, and elevator controls • Frequently disinfect commonly used surfaces including doors, door handles, crash bars, light switches, waiting area chairs, credit card terminals, ATM PIN pads, receipt trays, bus tubs, serving trays, water pitcher handles, phones, toilets, and handwashing facilities • Frequently clean items touched by patrons, especially those that might attract contact from children including candy and toy vending machines, decorative fish tanks, display cases, decorative fountains, etc. • Dirty linens used at dining tables such as tablecloths and napkins should be removed after each customer use and transported from dining areas in sealed bags

- Employees should wear gloves when handling dirty linens
- Thoroughly clean each customer dining location after every use
 - This will include disinfecting tables, chairs, booster seats, highchairs, booths, etc. and allowing adequate time for proper disinfection, following product instructions
 - Many EPA-approved disinfectants require minimal contact time (seconds to one minute) against human coronavirus
- Close areas where customers may congregate or touch food or food ware items that other guests may use
 - Provide these items to guests individually and discard or clean and disinfect after each use, as appropriate.
 - This includes but is not limited to:
 - Self-service areas with condiment caddies, utensil caddies, napkins, lids, straws, water pitchers, to-go containers, etc.
 - Self-service machines including ice, soda, frozen yogurt dispensers, etc.
 - Self-service food areas such as buffets, salsa bars, salad bars, etc.
- Clean touchable surfaces between shifts or between users, whichever is more frequent, including but not limited to working surfaces, phones, registers, touchpads/touchscreens, tablets, timeclocks, appliances, kitchen and bar utensils and implements, oven doors, grill and range knobs, carts and trolleys, keys, etc.
- Avoid sharing audio equipment, phones, tablets, laptops, desks, pens, and other work supplies wherever possible
- Discontinue shared use of audio headsets and other equipment between employees unless the equipment can be properly disinfected after use
 - Consult equipment manufacturers to determine appropriate disinfection steps, particularly for soft, porous surfaces such as foam earmuffs
- Provide time for workers to implement cleaning practices during their shift. Cleaning assignments should be assigned during working hours as part of the employees' job duties
- Procure options for third-party cleaning companies to assist with the increased cleaning demand, as needed
- Equip spaces such as dining rooms, bar areas, host stands, and kitchens with proper sanitation products, including hand sanitizer and sanitizing wipes to all staff directly assisting customers
- Ensure that sanitary facilities stay operational and stocked at all times and provide additional soap, paper towels, and hand sanitizer when needed
- When choosing cleaning chemicals, employers should use products approved for use against COVID-19 on the Environmental Protection Agency (EPA)-approved list and follow product instructions
 - Use disinfectants labeled to be effective against emerging viral pathogens, diluted household bleach solutions (5 tablespoons per gallon of water), or alcohol solutions with at least 70% alcohol that are appropriate for the surface
 - Provide employees training on manufacturer's directions and Cal/OSHA requirements for safe use
 - Workers using cleaners or disinfectants should wear gloves as required by the product instructions
- Restaurants should increase fresh air circulation by opening windows or doors, if possible to do so
- Consider installing portable high-efficiency air cleaners, upgrading the building's air filters to the highest efficiency possible, and making other modifications to increase the quantity of outside air and ventilation in all working areas

	<ul style="list-style-type: none"> • Discontinue tableside food preparation and presentation such as food item selection carts and conveyor belts, guacamole preparation, etc. • Do not leave out after-meal mints, candies, snacks, or toothpicks for customers; offer them with the check or provide only on request. • Install hand sanitizer dispensers, touchless if possible, at guest and employee entrances and contact areas such as driveways, reception areas, in dining rooms, near elevator landings, etc. • Discontinue use of shared entertainment items such as board games, pool tables, arcade games, vending machines, etc <ul style="list-style-type: none"> ○ Close game and entertainment areas where customers may share items such as bowling alleys, etc. • Continue to follow existing codes regarding requirements for sanitizing (rather than disinfecting) food contact surfaces
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> • Prioritize outdoor seating and curbside pickup to minimize cross flow of customers in enclosed environments • Restaurants, bars, and wineries can expand their outdoor seating if they comply with local laws and regulations • Remove tables and chairs from dining areas so that six feet of physical distance can be maintained for customers and employees <ul style="list-style-type: none"> ○ If tables, chairs, booths, etc., cannot be moved, use visual cues to show that they are not available for use or install Plexiglas or other types of impermeable physical barriers to minimize exposure between customers • Bar areas should remain closed to customers • Discontinue seating of customers where customers cannot maintain six feet of distance from employee work and food and drink preparation areas • Adjust maximum occupancy rules inside the establishment based on its size to limit the number of people inside and/or use impermeable barriers between service tables to protect customers from each other and employees <ul style="list-style-type: none"> ○ For outdoor seating, maintain physical distancing standards outlined above • Limit the number of patrons at a single table to a household unit or patrons who have asked to be seated together <ul style="list-style-type: none"> ○ People in the same party seated at the same table do not have to be six feet apart ○ All members of the party must be present before seating and hosts must bring the entire party to the table at one time • Limit the number of employees serving individual parties, in compliance with wage and hour regulations • Face coverings are strongly encouraged for all employees, however, they are required for any employee (e.g., server, manager, busser, food runner, etc.) who must be within six feet of customers <ul style="list-style-type: none"> ○ All restaurant workers should minimize the amount of time spent within six feet of guests • Close breakrooms, use barriers, or increase distance between tables/chairs to separate workers and discourage congregating during breaks <ul style="list-style-type: none"> ○ Where possible, create outdoor break areas with shade covers and seating that ensures physical distancing • Reconfigure kitchens to maintain physical distancing in those areas where practical and if not practical staggers shifts if possible to do work ahead of time • Discourage food preparation employees from changing or entering others' work stations during shifts • Discourage employees from congregating in high traffic areas such as bathrooms, hallways, bar areas, reservation and credit card terminals, etc. • Implement measures to ensure physical distancing of at least six feet between workers and customers

	<ul style="list-style-type: none"> ○ This can include use of physical partitions or visual cues (e.g., floor markings or signs to indicate to where employees and/or guests should stand) ● Install physical barriers or partitions at cash registers, bars, host stands, and other areas where maintaining physical distance of six feet is difficult ● Any area where guests or employees queue should also be clearly marked for appropriate physical distancing <ul style="list-style-type: none"> ○ This includes check-stands and terminals, deli counters and lines, restrooms, elevator lobbies, host stands and waiting areas, valet drop off and pickup, and any other area where customers congregate ● Physical distancing protocols should be used in any office areas, kitchens, pantries, walk-in freezers, or other high-density, high-traffic employee areas <ul style="list-style-type: none"> ○ Face coverings are required where employees cannot maintain physical distancing including in kitchens, storage areas, etc. ● Employee pre-shift meetings and trainings should be conducted virtually or in areas that allow for appropriate physical distancing between employees <ul style="list-style-type: none"> ○ Food, beverages, food ware, etc., should not be shared ● Prioritize outdoor seating and curbside pickup to minimize cross flow of customers in enclosed environments <ul style="list-style-type: none"> ○ Restaurants can expand their outdoor seating, and alcohol offerings in those areas, if they comply with local laws and regulations ● Provide takeout, delivery, and drive through options for customers when possible ● Encourage reservations to allow for time to disinfect restaurant areas and provide guidance via digital platforms if possible to customers for physical distancing while at the restaurant ● Consider allowing dine-in customers to order ahead of time to limit the amount of time spent in the establishment ● Ask customers to wait in their cars or away from the establishment while waiting to be seated <ul style="list-style-type: none"> ○ If possible, alert patrons through their mobile phones when their table is ready to avoid touching and use of “buzzers.” ● Establish directional hallways and passageways for foot traffic, if possible, to eliminate employees from passing by one another ● Require employees to avoid handshakes and similar greetings that break physical distance ● Eliminate person-to-person contact for delivery of goods whenever possible <ul style="list-style-type: none"> ○ Designate drop-off locations to receive deliveries away from high traffic areas ○ Maintain physical distance of at least six feet with delivery drivers ○ Guests should enter through doors that are propped open or automated, if possible <ul style="list-style-type: none"> ▪ Hand sanitizer should be available for guests who must touch door handles ● Implement peak period queueing procedures, including a host to remind guests to queue with at least six feet of distance between parties outside or in waiting areas ● Takeout food items should be made available using contactless pick-up and delivery protocols
<p>Changes to Payment Systems</p>	<ul style="list-style-type: none"> ● N/A

Other Operational Guidelines	<ul style="list-style-type: none"> • Display a set of clearly visible rules for customers and restaurant personnel at the restaurant entrance(s) that are to be a condition of entry <ul style="list-style-type: none"> ○ The rules could include instructions to use hand sanitizer, maintain physical distance from other customers, avoid unnecessary touching of restaurant surfaces, contact information for the local health department, and changes to restaurant services ○ Whenever possible, the rules should be available digitally, include pictograms, and included on/with menus • Establish a written, worksite-specific COVID-19 prevention plan at every location, perform a comprehensive risk assessment of all work areas, and designate a person at each establishment to implement the plan • Identify contact information for the local health department where the restaurant is located for communicating information about COVID-19 outbreaks among employees or customers • Train and communicate with employees and employee representatives on the plan • Investigate any COVID-19 illness and determine if any work-related factors could have contributed to risk of infection; update the plan as needed to prevent further cases • Identify close contacts (within six feet for 15 minutes or more) of an infected employee and take steps to isolate COVID-19 positive employee(s) and close contacts • Regularly evaluate the establishment for compliance with the plan and document and correct deficiencies identified
Local Exceptions	<ul style="list-style-type: none"> • Information and county specific restaurant reopening plans can be found here
State	Colorado
Official Orders and Guidance	<ul style="list-style-type: none"> • Stay at home order expiration date: 4/26/20 • Restaurant guidance effective 5/27/20
Dine-In	<ul style="list-style-type: none"> • Permitted, with restrictions, effective 5/27/20 • Restaurants are encouraged to continue curbside pick-up/delivery, including alcohol pick- up/delivery
Employee PPE	<ul style="list-style-type: none"> • Provide appropriate protective gear like gloves, masks, and face coverings and encourage appropriate use (Additional Guidance) • All employees of critical businesses must wear non-medical cloth face coverings while at work until 6/16 (Executive Order D-2020-067)
Employee Health Checks	<ul style="list-style-type: none"> • Implement symptom monitoring protocols (including workplace temperature monitoring and symptom screening questions) where possible (Additional Guidance) • Require employees showing any symptoms or signs of sickness, or who has been in contact with known positive cases to stay home • Appoint one employee per shift to monitor staff and public for adherence to safety measures
Customer Health Checks / PPE	<ul style="list-style-type: none"> • N/A
Sanitation	<ul style="list-style-type: none"> • Post clear signs notifying patrons and employees of hygiene and sanitation expectations, including not entering if they or anyone in their household is experiencing any symptoms of illness • Minimize objects touched by multiple patrons including: <ul style="list-style-type: none"> ○ Remove/close games and dance floors that require or encourage standing around (darts/pool tables/shuffleboard, arcade games); remove board games

	<ul style="list-style-type: none"> ○ Discontinue use of tablecloths, or move to single-use, or remove and replace laundered tablecloths between patrons ● Disinfect any shared objects such as check presenters and POS machines thoroughly between uses ● Increase cleaning and disinfection protocols and track with publicly posted cleaning logs including: <ul style="list-style-type: none"> ○ Use disposable single-use menus, menu boards, or create online menus for guests to review from their electronic device ○ Provide single-use or single serving condiments ○ Disinfect restrooms every hour ○ Block off stalls and urinals with proper signage to support 6 feet between patrons <ul style="list-style-type: none"> ▪ This may require reduced bathroom capacity or even only one person in a bathroom at a time ● Provide hand sanitizer at check-in area and throughout the venue. ● Frequently sanitize all high-touch areas (Additional Guidance) ● Eliminate or regularly sanitize any items in common spaces (i.e., break rooms) that are shared between individuals (i.e., condiments, coffee makers, vending machines) (Additional Guidance) ● Provide hand washing facilities/stations and hand sanitizer ● Encourage breaks to wash hands or use hand sanitizer ● Require gloves or frequent handwashing <ul style="list-style-type: none"> ○ Encourage frequent breaks to wash hands (at least every 30 minutes) including upon arrival and departure
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> ● Outdoor dine-in service is encouraged. Please work with local authorities to get authorization for expanding space to accommodate outdoor dine-in for adjacent or nonadjacent public or private spaces <ul style="list-style-type: none"> ○ The following requirements must be met: <ul style="list-style-type: none"> ▪ Patrons in different parties must be a minimum of 6 feet apart ▪ The spacing of tables may need to be 6 feet or more to ensure proper physical distancing between diners from different parties ▪ All employees must wear face coverings ▪ Disinfecting and deep-cleaning of all shared surfaces between seatings ● Indoor dine-in service can be held at a 50% of the posted occupancy code limit and a maximum of 50 patrons, if the following requirements can be met: <ul style="list-style-type: none"> ○ Patrons in different parties must be a minimum of 6 feet apart ○ The spacing of tables may need to be 6 feet or more to ensure proper physical distancing between diners from different parties ○ All employees must wear face coverings ○ Ensure maximum ventilation by opening windows and minimizing air conditioning to the extent possible ○ Deep clean and disinfect all shared surfaces between parties/at each turnover ○ Keep parties together, and do not allow them to mingle with each other ● Limit party size to eight people or fewer <ul style="list-style-type: none"> ○ Make efforts to reduce congregating inside and outside the establishment including: <ul style="list-style-type: none"> ▪ Encouraging reservations, and preferably requiring reservations, if feasible

	<ul style="list-style-type: none"> ▪ Waiting parties must not congregate in entrance areas and should wait in their cars or off premises until seating is available ▪ No communal seating ▪ No self-service stations or buffets ▪ No seat-yourself options to ensure that a table has been disinfected prior to a new patron ▪ Do not seat people in the bar if it is being used to prepare food or drink <ul style="list-style-type: none"> • If the bar area is not being used to prepare food or drink, parties could sit there under the same distancing requirements as a regular table ▪ Clearly mark floor and ground to delineate 6-foot spacing for people in lines, and mark how foot traffic should move ▪ Clearly mark closed tables not available for seating customers <ul style="list-style-type: none"> • Provide guidance, training, and ongoing training on maintaining 6 foot distancing between employees to the greatest extent possible in all areas of operation • Implement systems to minimize staff interactions, such as work flows, shift cohorting (same staff on each shift), staggering of shifts, shift changes, and breaks
Changes to Payment Systems	<ul style="list-style-type: none"> • Use contactless payment solutions whenever possible
Other Operational Guidelines	<ul style="list-style-type: none"> • Provide an option for customers to “sign in” to facilitate notifying them if an exposure occurs • Provide contactless payment or prepayment options whenever possible • Establish customer waiting areas, outdoors if possible, that maintain proper physical distancing from other guests • Restrict standing and/or congregating in the bar area, entrance/exit, and any interior spaces • Continue curbside pick up/delivery options and recommend them for vulnerable individuals • Request customers to wear face coverings when not eating or drinking, e.g., walking past other tables to get to delivery areas or restrooms • Consider refusing service to customers who refuse to adhere to hygiene and physical distancing requirements • Make accommodations for individuals unable to adhere to masking and physical distancing requirements, such as takeout, curbside or delivery

Dine-In	<ul style="list-style-type: none"> ● Permitted, with restrictions, effective 6/22/20
Employee PPE	<ul style="list-style-type: none"> ● Require face coverings or masks for all employees
Employee Health Checks	<ul style="list-style-type: none"> ● Employees who are displaying COVID19-like symptoms do not report to work ● Restaurants must screen workers at each shift by ensuring the following: <ul style="list-style-type: none"> ○ Worker is not experiencing any symptoms such as fever (100.3 and above), cough, shortness of breath, or sore throat;

	<ul style="list-style-type: none"> ○ Worker has not had ‘close contact’ with an individual diagnosed with COVID-19 <ul style="list-style-type: none"> ▪ “Close contact” means living in the same household as a person who has tested positive for COVID-19, caring for a person who has tested positive for COVID-19, being within 6 feet of a person who has tested positive for COVID-19 for 15 minutes or more, or coming in direct contact with secretions (e.g., sharing utensils, being coughed on) from a person who has tested positive for COVID-19, while that person was symptomatic ○ Worker has not been asked to self-isolate or quarantine by their doctor or a local public health official • Workers who are sick or feeling ill must be sent home • Anyone showing signs of illness may be denied entry • Notify workers that they may not work if they test positive for COVID-19 (they should be isolated at home) or are found to be a close contact of someone with COVID-19 (they should be quarantined at home)
Customer Health Checks / PPE	<ul style="list-style-type: none"> • Require face coverings for all customers and workers at all times, except where an individual is unable to wear a face covering due to medical condition or disability <ul style="list-style-type: none"> ○ Customers may remove face coverings while seated at tables
Sanitation	<ul style="list-style-type: none"> • All workers must wash their hands frequently, and table servers must wash their hands or apply hand sanitizer between each table interaction • Ensure access to handwashing facilities on site, including soap and running water, and allow sufficient break time for workers to wash hands frequently; alcohol-based hand sanitizers with at least 60% alcohol may be used as an alternative • Alcohol-based hand sanitizers with at least 60% alcohol should be made available at entrances, exits, and in the dining area • Supply workers at workplace location with adequate cleaning products (e.g., sanitizer, disinfecting wipes) • Post visible signage throughout the site to remind workers and customers of hygiene and safety protocols • Self-serve, unattended buffets, topping bars, drink stations, and other communal serving areas must remain closed • Condiments and similar products (e.g., salt, pepper, and salad dressing) should not be pre-set on tables and should instead only be provided upon request either in single-serving portions (e.g., individual packages or cups) or in serving containers that are sanitized between each use • Menus must be one of the following: 1) paper, single-use menus disposed after each use, 2) displayed menu (e.g., digital, whiteboard, chalkboard), 3) electronic menus viewed on customers’ phones / mobile devices • Utensils and place settings must be either single-use or sanitized after each use; utensils should be rolled or packaged. Tables should not be pre-set to reduce opportunity for exposure • Tables and chairs must be cleaned and sanitized thoroughly between each seating • Clean commonly touched surfaces in restrooms (e.g., toilet seats, doorknobs, stall handles, sinks, paper towel dispensers, soap dispensers) frequently and in accordance with CDC guidelines • Keep cleaning logs that include date, time, and scope of cleaning • Conduct frequent disinfecting of heavy transit areas and high-touch surfaces (e.g., doorknobs, elevator buttons, staircases) • Implement procedures to increase cleaning / disinfecting in the back-of-house. Avoid all food contact surfaces when using disinfectants. Food contact surfaces must be cleaned and sanitized before use with a sanitizer approved for food contact surfaces. Non-food contact surfaces must be frequently cleaned

	<ul style="list-style-type: none"> In the event of a presumptive or actual positive COVID-19 case of a worker, patron, or vendor, the restaurant must be immediately shut down for 24 hours and then must be cleaned and disinfected in accordance with current CDC guidance before re-opening
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> Tables must be positioned so to maintain at least a 6 foot distance from all other tables and any high foot traffic areas (e.g., routes to bathrooms, entrances, exits); tables may be positioned closer if separated by protective / non-porous barriers (e.g., structural walls or plexi-glass dividers) not less than 6 feet high installed between tables and high foot traffic areas The size of a party seated at a table cannot exceed 6 people Restaurants may not seat any customers at the bar, but subject to any applicable building and fire code requirements, bar areas may be re-configured to accommodate table seating that complies with all spacing and other requirements in these COVID-19 safety standards All customers must be seated; eat-in service to standing customers (e.g., around bar areas) is prohibited Ensure separation of 6 feet or more between all individuals (workers, vendors, and customers) unless this creates a safety hazard due to the nature of the work or the configuration of the workspace Close or reconfigure worker common spaces and high density areas where workers are likely to congregate (e.g., break rooms, eating areas) to allow 6 feet of physical distancing; redesign work stations to ensure physical distancing (e.g., separate tables, stagger workstations on either side of processing lines so workers are not face-to-face, use distance markers to assure spacing including in the kitchen area) Establish directional hallways and passageways for foot traffic if possible, to minimize contact (e.g., one-way entrance and exit to the restaurant). Post clearly visible signage regarding these policies Prohibit lingering in common areas (e.g., waiting areas, bathrooms) and ensure social distancing in common areas by marking 6 feet spacing with tape or paint on the floor and signage All customer-facing workers (e.g., servers, bus staff) must minimize time spent within 6 feet of customers Designate assigned working areas to workers where possible to limit movement throughout the restaurant and limit contact between workers (e.g., assigning zones to servers) Stagger work schedules and staff meal and break times, regulating maximum number of people in one place and ensuring at least 6 feet of physical distancing Minimize the use of confined spaces (e.g., elevators, vehicles) by more than one individual at a time
Changes to Payment Systems	<ul style="list-style-type: none"> N/A
Other Operational Guidelines	<ul style="list-style-type: none"> Restaurants may provide carry-out or delivery service, but all safety standards for table separation, size of party, and hygiene must be maintained for any indoor or outdoor table seating that is available to carry-out patrons All other amenities and areas not employed for food and beverage service (e.g., dance floors, pool tables, playgrounds, etc.) must be closed or removed to prevent gathering of customers When possible, reservations or call ahead seating should be encouraged; managers must ensure that diners waiting for tables do not congregate in common areas or form lines Restaurants may not provide customers with buzzers or other devices to provide alerts that seating is available or orders are ready; restaurants should instead use no-touch methods such as audio announcements, text messaging, and notices on fixed video screens or blackboards

	<ul style="list-style-type: none"> • Provide training to workers on up-to-date safety information and precautions including hygiene and other measures aimed at reducing disease transmission, including: <ul style="list-style-type: none"> ○ Social distancing, hand-washing, and requirement and proper use of face coverings ○ Modifying practices for serving in order to minimize time spent within 6 feet of customers ○ Self-screening at home, including temperature or symptom checks ○ Reinforcing that staff may not come to work if sick ○ When to seek medical attention if symptoms become severe ○ Which underlying health conditions may make individuals more susceptible to contracting and suffering from a severe case of the virus • Restaurant operators should establish adjusted workplace hours and shifts for workers to minimize contact across workers and reduce congestion at entry points • Limit visitors and vendors on site; shipping and deliveries should be completed in designated areas • Post notice to workers and customers of important health information and relevant safety measures as outlined in the Commonwealth’s Mandatory Safety Standards for Workplace • Designate the Person in Charge (105 CMR 590) for each shift to oversee implementation of the guidelines in this document • Restaurants will be allowed to maximize outdoor dining space, including patios and parking lots where available, where municipal approval is obtained
Local Exceptions	<ul style="list-style-type: none"> • N/A
State	Michigan
Official Orders and Guidance	<ul style="list-style-type: none"> • Stay at home order expiration date: 5/15/20 • Executive Order No. 2020-110 temporary restrictions on certain events, gatherings, and businesses • Executive Order No. 2020-97 Safeguards to protect Michigan’s workers from COVID-19
Dine-In	<ul style="list-style-type: none"> • Permitted, with restrictions, effective 6/8/20
Employee PPE	<ul style="list-style-type: none"> • Require hosts and servers to wear face coverings in the dining area • Require employees to wear face coverings and gloves in the kitchen area when handling food, consistent with guidelines from the Food and Drug Administration (“FDA”) •
Employee Health Checks	<ul style="list-style-type: none"> • Prohibit employees who are sick from reporting to work and send employees home if they display symptoms of COVID-19 • Employees who test positive for COVID-19 or who display one or more of the principal symptoms of COVID-19 should follow the procedures of Executive Order 2020-36 or any order that follows from it • Develop and implement a daily screening program, as described herein, for all staff upon or just prior to reporting to work sites; the screening procedures must include the following questions: <ul style="list-style-type: none"> ○ Do you have any of the following symptoms? <ul style="list-style-type: none"> ▪ Fever of 100.4 degrees or higher (as measured by a touchless thermometer if available, but a verbal confirmation of lack of fever is sufficient if a touchless thermometer is not available); ▪ Cough (excluding chronic cough due to a known medical reason other than COVID-19);

- Shortness of breath; or
 - Sore throat
- Have you travelled internationally or outside of Michigan in the last 14 days, excluding commuting from a home location outside of Michigan? For purposes of this order, commuting is defined as traveling between one's home and work on a regular basis.
- Have you had any close contact in the last 14 days with someone with a diagnosis of COVID-19?
- Any affirmative response to screening questions requires the individual to be excluded:
 - For at least 72 hours with no fever (three full days of no fever without use of medicine that reduces fever) and other symptoms have improved (for example, when cough and shortness of breath have improved) and at least seven days have passed since symptoms first appeared
 - Except for necessary workers engaged in travel related to supply chain and critical infrastructure, for 14 days following travel unless that travel was due to commuting from a home location outside of Michigan
- An employee who provides an affirmative response to screening question may be allowed to continue work at the employer's discretion provided they remain asymptomatic and the employer implements the following additional precautions to protect the employee and the community:
 - Employers should measure the employee's temperature and assess symptoms each day before they start work. Ideally, temperature checks should happen before the individual enters the facility. A touchless thermometer, or a dedicated thermometer for the employee if not touchless, should be used. Sharing of any thermometer other than a touchless thermometer is strictly prohibited
 - As long as the employee does not have a fever or other symptoms, they should self-monitor under the supervision of their employer's occupational health program or other programs in place to protect employee health and safety
 - If the employee begins to experience symptoms during the day, they should be sent home immediately
 - The employee should wear a face mask at all times while in the workplace for 14 days after last exposure. Employers can issue facemasks or can approve employees' supplied cloth face coverings in the event of shortages
 - The employee should maintain at least six feet of distance from other people as work duties permit
 - Beyond standard cleaning protocol, clean and disinfect all areas such as offices, bathrooms, common areas, and shared electronic equipment routinely known to be impacted by the exposed employee for 14 days after last exposure
- If an employee at a food-selling establishment tests positive for COVID-19, the establishment must notify food vendors and other employees of the positive test result as soon as possible and in no case later than 12 hours after receiving the test result, without revealing the personal health-related information of any employee
- Strict compliance with sections 3119, 4109, 4113, and 4115 of the Food Law, 92 PA 2000, as amended, MCL 289.3119, MCL 289.4109, MCL 289.4113, and MCL 289.4115, is temporarily suspended to the extent necessary to extend the deadline for local health departments to submit fees under section 3119, and to extend the license and registration expiration dates under sections 4109 and 4115, until 60 days after the end of the declared states of emergency and disaster. Furthermore, late fees shall not be assessed under sections 4113 or 4115 during the 2020–2021 license year.
- Strict compliance with subsection 6137 of the Food Law, MCL 289.6137, is suspended to the extent necessary to make a license holder eligible for a special transitory temporary food unit for the 2020–2021 licensing year, even if the license holder received only 1 evaluation during the 2019–2020 licensing year.

Customer Health Checks / PPE	<ul style="list-style-type: none"> • Post sign(s) at store entrance(s) informing customers not to enter if they are or have recently been sick • Post sign(s) instructing customers to wear face coverings until they get to their table
Sanitation	<ul style="list-style-type: none"> • Limit shared items for customers (e.g., condiments, menus) and clean high-contact areas after each customer (e.g., tables, chairs, menus, payment tools, condiments) • Close self-serve food or drink options, such as buffets, salad bars, and drink stations • Hand washing required; no provisions regarding frequency or breaks • Provide access to handwashing facilities, including those available in public restrooms • Use best efforts to ensure checkout employees to disinfect their hands between orders to prevent cross-contamination • Use best efforts to provide employees and customers access to an alcohol-based hand sanitizer that contains at least 60% alcohol, as recommended by the Centers for Disease Control and Prevention (CDC) • Use best efforts to provide disinfecting wipes at cash registers and entrance points for customers, as well as at other appropriate locations • Adopt procedures to meet the environmental cleaning guidelines set by the CDC, including by cleaning and disinfecting frequent touchpoints throughout the day such as point of sale terminals at registers, shopping carts, and shopping baskets
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> • Limit capacity to 50% of normal seating • Require six feet of separation between parties or groups at different tables or bar tops (e.g., spread tables out, use every other table, remove or put up chairs or barstools that are not in use) • Close waiting areas and ask customers to wait in cars for a call when their table is ready • Provide physical guides, such as tape on floors or sidewalks and signage on walls to ensure that customers remain at least six feet apart in any lines • Install physical barriers, such as sneeze guards and partitions at cash registers, bars, host stands, and other areas where maintaining physical distance of six feet is difficult • To the maximum extent possible, limit the number of employees in shared spaces, including kitchens, break rooms, and offices, to maintain at least a six-foot distance between employees
Changes to Payment Systems	<ul style="list-style-type: none"> • Encourage cash transactions to be processed at self-checkout kiosks when possible
Other Operational Guidelines	<ul style="list-style-type: none"> • Create communications material for customers (e.g., signs, pamphlets) to inform them of changes to restaurant or bar practices and to explain the precautions that are being taken to prevent infection • Train employees on: <ul style="list-style-type: none"> ○ Appropriate use of personal protective equipment in conjunction with food safety guidelines ○ Food safety health protocols (e.g., cleaning between customers, especially shared condiments) ○ How to manage symptomatic customers upon entry or in the restaurant. • Notify employees if the employer learns that an individual (including an employee, customer, or supplier) with a confirmed case of COVID-19 has visited the store • Close restaurant immediately if an employee shows multiple symptoms of COVID-19 (fever, atypical shortness of breath, atypical cough) and perform a deep clean, consistent with guidance from the FDA and the CDC. Such cleaning may occur overnight •

Dine-In	<ul style="list-style-type: none"> Outdoor dining permitted, with restrictions (no indoor), effective 6/1/20 <ul style="list-style-type: none"> In-door dining, with restrictions to be permitted effective 6/10/20
Employee PPE	<ul style="list-style-type: none"> Workers are required to use a face covering and face shield when serving customers (www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-clothface-coverings.html) Customers are strongly encouraged to bring and wear face coverings at any time when not eating
Employee Health Checks	<ul style="list-style-type: none"> Establish health screening protocols for workers at the start of each shift (e.g. health screening survey, taking temperature) <ul style="list-style-type: none"> See the Minnesota Department of Health (MDH)'s Visitor and Employee Health Screening Checklist Workers with COVID-19 symptoms should be sent home immediately <ul style="list-style-type: none"> If they cannot be sent home immediately, isolate in a closed room until they can be sent home Workers who have been in close contact with a household member with COVID should not be at work until their quarantine period is finished Establish communication protocols and steps to take when workers have been exposed to COVID-19 in the workplace Designate an individual to maintain communication with and gather information from workers who may be ill, as to ensure the privacy of workers is maintained Establish worker sickness reporting protocols Establish protocols for workers to return to work, and follow MDH Guidance Establish a process to identify contact between infected workers and other workers who may have been exposed
Customer Health Checks / PPE	<ul style="list-style-type: none"> Advise customers and clients to conduct a self-check of their body temperature on the day of their appointment Email or text a screening survey on the day of the appointment or reservation and/or post screening questions at the establishment Have customer and clients respond to the screening survey questions upon arrival and check-in, and verify that they have read the screening-survey and can respond "no" to all questions Decline to provide services to a customer or client if there is any suspicion that they are sick or symptomatic, and advise them to leave the facility
Sanitation	<ul style="list-style-type: none"> 4. Clean and sanitize food contact surfaces according to the Minnesota Food Code <ul style="list-style-type: none"> Follow the manufacturer's label to ensure that appropriate products are used to sanitize food contact surfaces <ul style="list-style-type: none"> Not all disinfectants are appropriate for food contact surface sanitizing

- Clean and sanitize food contact surfaces, food preparation surfaces, and beverage equipment after each use
- Follow the manufacturer’s instructions for all cleaning and disinfection products
 - For example, concentrations, application method, contact and drying time, and the use of personal protective equipment, and do not mix products together
- Clean and disinfect reusable menus after each use
- If using paper menus, discard them after each customer use
- Recommended best practice: Consider providing cleaning and disinfection kits (sprays or buckets, hand sanitizers or other cleaning supplies) that are readily accessible throughout the establishment for areas that will be cleaned and disinfected frequently
- Remove high-touch self-service containers and items requiring frequent hand contact from use (e.g., condiments such as ketchup bottles and salt/pepper shakers, straws, napkin holders, etc.)
 - Use single-use items when possible
- Use wrapped silverware and do not preset tables
- Use a fresh glass or cup for every refill and remove used glasses from the table or bars frequently
- Have customers box their own leftovers
- Close play areas, arcade rooms, playgrounds, etc.
- Remove shared board games, cards and toys
- Provide hand sanitizer at the entrance, point of purchase, and prominent locations for customers/clients
- Ensure workers regularly wash their hands
 - Ensure handwashing and/or hand-sanitizer facilities are readily available and appropriately stocked
- Provide protective equipment and supplies, such as source control face coverings, face-shields, gloves, hand-sanitizer, disinfectants and provide training when required and on proper use
- Require the use of source control face coverings (e.g. cloth face coverings)
- Post “hand-washing” and “cover your cough” signs
- Doors to multi-stall restrooms should be able to be opened and closed without touching the handles, opening-devices, or powered door-operators with the hand, whenever possible
 - If the door cannot be opened without touching the handle or door-operator with the hand, the business must ensure a trash-receptacle is placed by the door to ensure a paper towel can be readily disposed of when operating the door
 - The location and positioning of waste-receptacles should not interfere with Life Safety requirements (e.g. egress, evacuation, emergency equipment) or any reasonable accommodations provided under the Americans with Disabilities Act
- Community drinking stations and water-fountains should not be available for use. Touchless water-filling stations may still be provided
- Food should not be shared communally
- Provide tissues for proper cough/sneeze etiquette and no-touch disposal bins
- Establish a documented sanitation schedule and checklist, identifying surfaces/equipment to be sanitized, the agent to be used, and the frequency at which sanitation occurs

	<ul style="list-style-type: none"> • Routinely clean and disinfect all areas, such as offices, restrooms, locker and changing rooms, common areas, shared electronic equipment, machinery, tools, controls, etc. • Frequently clean all high-touch items, such as doorknobs, countertops, barriers, railings, handles, and other surfaces • Electronic devices (e.g. light-switches, circuit-breakers) should not be sanitized with a liquid agent <ul style="list-style-type: none"> ○ Consider covering switches/devices with a poly-covering that allows the user to manipulate the device without touching the switch, and change out the poly-covering frequently ○ Electronic devices must be sanitized only when disconnected from the power-source, and sanitized in accordance with the listing/labeling requirements ○ Personal equipment, tools and phones should not be shared or, if shared, should be disinfected after each use ○ Implement immediate cleaning and disinfecting of the workplace if a worker, client or visitor becomes ill with COVID-19
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> • All indoor restaurant service remains closed <ul style="list-style-type: none"> ○ Indoor dine-in to begin at 50% occupancy effective 6/10/10 ○ Outdoor seating only is allowed at this time • Businesses must limit number of customers and clients necessary to allow for the required social distancing and not exceed required percentage of occupancy where required <ul style="list-style-type: none"> ○ Number of customers at any one time is limited to the number for whom physical distancing of 6’ can be maintained between tables, not to exceed 50 ○ A limit of two customers may be seated together at the counter for service at any one time ○ A limit of four customers may be seated together at a table at any one time, unless the customers are a household, then the limit is six customers • Check-out areas and other areas of congestion should be marked to provide for physical distancing of at least 6 feet, including floor markers for distance, lane lines and marking of adjacent areas where customers or clients may be waiting for business access • Space, configuration and flow of the establishment should be evaluated to allow for physical distancing of 6-feet by all workers and customers/clients • Do not allow guests to congregate in checkout and waiting areas, outside restrooms or in bars, maintain at a minimum 6’ physical distancing • Require appointments for services or reservations with call-ahead seating or online reservations to better space clients or customers and eliminate waiting • Stagger shifts and breaks; Extend work-hours and create additional shifts to reduce number of workers per shift • Evaluate traffic patterns and “choke points” to reduce crowding at entrances, in hallways, elevators, waiting areas, break areas, common areas to maintain 6’ of physical distancing • Limit collective gatherings of workers to 10 people or less to maintain 6’ of physical distancing • Limit the number of people in restrooms to maintain 6’ feet of physical distancing • Ensure 6’ of physical distancing in work areas, including at workstations, production lines, break rooms, meeting rooms, waiting rooms, lobbies, etc. • Limit worker interaction across floors, buildings, campuses, worksites, etc.

	<ul style="list-style-type: none"> • Increase physical space between workers and other workers, customers and clients through the use of partitions and barriers of sufficient dimension and appropriate material, e.g. Plexiglass or taut heavy plastic curtains stretched and secured, as necessary, to protect workers
<p>Changes to Payment Systems</p>	<ul style="list-style-type: none"> • Contactless payment should be used whenever possible • Utilize an electronic fund-transfer service or credit-card payment method that allows the client to fully initiate and complete the payment transaction remotely, or while separated from the worker • When contactless payment is not possible, payment must be made in a manner that allows for at least 6-feet of distance between the worker and client or customer • During check-in and check-out, the configuration at the payment stations, and the space between the worker and the customer/client must allow for physical distancing of at least 6-feet, or a physical barrier must be installed • Install barriers of sufficient dimension and appropriate material, e.g. Plexiglass or taut heavy plastic curtains stretched and secured, as necessary, to protect worker at the check-in and check-out counter
<p>Other Operational Guidelines</p>	<ul style="list-style-type: none"> • Suspend self-service food or drink options, such as buffets, salad bars, and drink stations until further notice • Post instructions for customers at entrances, and inform customers: <ul style="list-style-type: none"> ○ Not to enter if they are experiencing symptoms; ○ About the facility's occupancy limits; ○ They are required to wear face-coverings, unless outside or not medically or physically possible; and ○ They are required to adhere to hygiene and social distancing instructions, signage and markings • Communications and training practices and protocol <ul style="list-style-type: none"> ○ All workers and members of management must be trained regarding COVID-19 exposure, as well as applicable policies, procedures, practices, and protocols ○ The training must be provided by and paid for by the business ○ The training must be provided in a manner and language that each employee can understand, and must be adjusted to reasonably accommodate all limiting factors present ○ Businesses must ensure the COVID-19 Business Preparedness Plan is posted at all of the business's workplaces in readily accessible locations, and is shared with and reviewed by all workers ○ Businesses must ensure the necessary or required rules and practices are communicated to workers, and adequately enforce their provisions ○ Workers must ensure they comply with and follow established rules and practices ○ Communication to educate clients and customers about the steps being taken for their protection to mitigate the spread of COVID-19 is encouraged ○ Protective measures should be communicated to clients and customers prior to, and at the start of, the appointment or reservation to both educate customers and clients as well as inform them of their role in protecting the workers and other clients and customers • Ventilation System Start-up: Businesses must evaluate the operational capacity, and increase, improve, and maintain ventilation provided throughout the building

	<ul style="list-style-type: none"> ○ Increase the outdoor air-percentage to increase dilution of contaminants, and eliminate recirculating, whenever possible, while maintaining indoor air conditions ○ For heating-ventilation-air-conditioning systems that recirculate air, businesses need to improve central air filtration to at least the MERV-13 or the highest compatible with the filter rack (at least MERV-14 preferred), and seal the edges of filters to further limit by-pass around the filters ○ Replace and upgrade air filters prior to re-occupancy ○ Run systems on full economizer as outside air conditions allow ○ Consult an HVAC professional to ensure proper ventilation is maintained ● Drop-off, pick-up, and delivery practices and protocols <ul style="list-style-type: none"> ○ Receive deliveries via a contactless method whenever you can ○ Businesses must provide for contactless deliveries that promote for delivery at a doorstep, where persons maintain a distance at least 6-feet away while verifying receipt of the delivery between the worker and the delivery person ○ Whenever possible, businesses should attempt to do everything electronically (e.g. app, phone) to eliminate the need for close contact between workers and delivery personnel ○ Workers must maintain a distance 6-feet or greater from others during interactions while receiving or exchanging deliveries ○ Workers must minimize the unnecessary exchanging or sharing of scanners, pens, or other tools with delivery personnel

Official Orders and Guidance	<ul style="list-style-type: none"> Stay at home order expiration date: 6/13/20 New York State Reopening Plan <ul style="list-style-type: none"> Restaurant restrictions start to ease in Stage 3 Interim Guidance for Restaurants in regions that have reached Phase 3
Dine-In	<ul style="list-style-type: none"> Restaurants limited to takeout and delivery
Employee PPE	<ul style="list-style-type: none"> In addition to the necessary PPE as required for certain workplace activities, Responsible Parties must procure, fashion, or otherwise obtain acceptable face coverings and provide such coverings to their employees while at work at no cost to the employee Responsible Parties should have an adequate supply of face coverings, masks and other required PPE on hand should an employee need a replacement or should a vendor be in need. Acceptable face coverings include, but are not limited to, cloth (e.g. homemade sewn, quick cut, bandana), surgical masks, N95 respirators, and face shields Face coverings must be cleaned or replaced after use and may not be shared. Please consult the CDC guidance for additional information on cloth face coverings and other types of PPE, as well as instructions on use and cleaning <ul style="list-style-type: none"> Note that cloth face coverings or disposable masks shall not be considered acceptable face coverings for workplace activities that impose a higher degree of protection for face covering requirements For example, if N95 respirators are traditionally required for specific food service activities, a cloth or homemade mask would not suffice. Responsible Parties must adhere to OSHA standards for such safety equipment Responsible Parties must allow their employees to use their own acceptable face coverings but cannot require their employees to supply their own face coverings. Further, this guidance shall not prevent employees from wearing their personally owned additional protective coverings (e.g. surgical masks, N95 respirators, or face shields), or if the Responsible Parties otherwise require employees to wear more protective PPE due to the nature of their work Employers should comply with all applicable OSHA standards Responsible Parties must ensure that all staff wear face coverings at all times <ul style="list-style-type: none"> Responsible Parties must ensure staff practice hand hygiene and use bare hand barriers consistent with State and Local Sanitary Codes If employees wear gloves during non-food preparation activities, Responsible Parties must: <ul style="list-style-type: none"> Ensure employees replace gloves frequently; and Encourage employees to change gloves when switching tasks (e.g. serving customers to prerolling silverware) If employees do not wear gloves, Responsible Parties must ensure employees frequently wash and/or sanitize their hands <ul style="list-style-type: none"> Responsible Parties must ensure that employees who are bussing tables wash their hands with soap and water and, if they are wearing gloves, replace their gloves, before and after cleaning and disinfecting tables

	<ul style="list-style-type: none"> • Responsible Parties must put in place measures to limit the sharing of objects, such as kitchen tools, pens and pads, as well as the touching of shared surfaces, such as doorknobs, keypads, and touchscreens; or, require workers to wear gloves (trade-appropriate or medical) when in contact with shared objects or frequently touched surfaces; or, require workers to wash their hands before and after contact • Responsible Parties must train their employees on how to adequately put on, take off, clean (as applicable), and discard PPE, including but not limited to, appropriate face coverings
<p>Employee Health Checks</p>	<ul style="list-style-type: none"> • Responsible Parties must implement mandatory daily health screening practices of their employees and, where practicable, vendors, but such screening shall not be mandated for customers and delivery personnel <ul style="list-style-type: none"> ○ Screening practices may be performed remotely (e.g. by telephone or electronic survey), before the employee reports to the site, to the extent possible; or may be performed on site ○ Screening should be coordinated to prevent employees from intermingling in close or proximate contact with each other prior to completion of the screening ○ At a minimum, screening should be required of all employees and vendors completed using a questionnaire that determines whether the employee or vendor has: <ul style="list-style-type: none"> ▪ (a) knowingly been in close or proximate contact in the past 14 days with anyone who has tested positive for COVID-19 or who has or had symptoms of COVID-19; ▪ (b) tested positive for COVID-19 in the past 14 days; and/or ▪ (c) has experienced any symptoms of COVID-19 in the past 14 days • Refer to CDC guidance on "Symptoms of Coronavirus" for the most up to date information on symptoms associated with COVID-19. • Responsible Parties should require employees to immediately disclose if and when their responses to any of the aforementioned questions changes, such as if they begin to experience symptoms, including during or outside of work hours • In addition to the screening questionnaire, daily temperature checks may also be conducted per U.S. Equal Employment Opportunity Commission or DOH guidelines • Responsible Parties are prohibited from keeping records of employee health data (e.g. temperature data) • Responsible Parties must ensure that any personnel performing screening activities, including temperature checks, are appropriately protected from exposure to potentially infectious workers or vendors entering the site. Personnel performing screening activities should be trained by employer identified individuals who are familiar with CDC, DOH, and OSHA protocols • Screeners should be provided and use PPE, including at a minimum, a face mask, and may include gloves, a gown, and/or a face shield • An employee or vendor who screens positive for COVID-19 symptoms should not be allowed to enter the premises and should be sent home with instructions to contact their healthcare provider for assessment and testing. Responsible Parties must immediately notify the state and local health department where the site is located about any positive case. Responsible Parties should provide the employee with information on healthcare and testing resources • Responsible Parties must review all employee and vendor responses collected by the screening process on a daily basis and maintain a record of such review. Responsible Parties must also identify a contact as the party for workers to inform if they later are experiencing COVID-19-related symptoms, as noted in the questionnaire

	<ul style="list-style-type: none"> Responsible Parties must designate a site safety monitor whose responsibilities include continuous compliance with all aspects of the site safety plan
Customer Health Checks / PPE	<ul style="list-style-type: none"> Responsible Parties cannot mandate that customers complete a health screen or provide contact information but may encourage customers to do so. Responsible Parties may provide an option for customers to provide contact information so they can be logged and contacted for contact tracing, if necessary Patrons must wear face coverings at all times, except while seated; provided, however, that the patron is over the age of two and able to medically tolerate such covering Responsible Parties must only permit customer entry into the establishment if they wear an acceptable face covering; provided, however, that the customer is over the age of two and able to medically tolerate such covering Responsible Parties should require customers to wear face coverings when not seated at a table (e.g. when waiting for pickup, placing order at counter or window, walking to/from table, walking to/from restroom) Once seated, Responsible Parties should encourage, but not require customers to wear face coverings when not eating and/or drinking
Sanitation	<ul style="list-style-type: none"> Responsible Parties must ensure adherence to hygiene and cleaning and disinfection requirements as advised by the CDC and DOH, including “Guidance for Cleaning and Disinfection of Public and Private Facilities for COVID-19,” and the “STOP THE SPREAD” poster, as applicable Responsible Parties must maintain logs that include the date, time, and scope of cleaning and disinfection Responsible Parties must provide and maintain hand hygiene stations on site, as follows: <ul style="list-style-type: none"> For handwashing: soap, running warm water, disposable paper towels, and a lined garbage can For hand sanitizing: an alcohol-based hand sanitizer containing at least 60% alcohol for areas where handwashing facilities may not be available or practical Responsible Parties should make hand sanitizer available throughout high touch areas (e.g. outside restrooms) <ul style="list-style-type: none"> It should be placed in convenient locations, such as at entrances, exits, cashiers Touch-free hand sanitizer dispensers should be installed where possible Responsible Parties should place signage near hand sanitizer stations indicating that visibly soiled hands should be washed with soap and water; hand sanitizer is not effective on visibly soiled hands Place receptacles around the site for disposal of soiled items, including PPE For take-out/delivery, Responsible Parties must: <ul style="list-style-type: none"> Provide hand hygiene stations for customers waiting for food and/or drinks; Ensure staff wash hands with soap and water or use hand sanitizer, and, if staff use gloves, regularly replace them; and Ensure, if pick-up/delivery is in indoors/enclosed space, windows and/or doors are opened to allow for ventilation Responsible Parties must provide appropriate cleaning and disinfection supplies for shared and frequently touched surfaces and encourage their employees to use these supplies following manufacturer’s instructions for use before and after use of these surfaces, followed by hand hygiene

- Responsible Parties must conduct regular cleaning and disinfection of the site and more frequent cleaning and disinfection for high risk areas used by many individuals and for frequently touched surfaces
 - Cleaning and disinfection must be rigorous and ongoing and should occur at least after each shift, daily, or more frequently as needed. Please refer to DOH's "[Interim Guidance for Cleaning and Disinfection of Public and Private Facilities for COVID-19](#)" for detailed instructions on how to clean and disinfect facilities
 - Responsible Parties must ensure regular cleaning and disinfection of restrooms
 - Restrooms should be cleaned and disinfected more often depending on frequency of use
 - Responsible Parties must ensure distancing rules are adhered to by using signage, occupied markers, or other methods to reduce restroom capacity where feasible
 - Responsible Parties must ensure that equipment and tools are regularly cleaned and disinfected using registered disinfectants, including at least as often as employees change workstations or move to a new set of tools
 - Refer to the Department of Environmental Conservation (DEC) [list of products](#) registered in New York State and identified by the EPA as effective against COVID-19
 - If cleaning or disinfection products or the act of cleaning and disinfecting causes safety hazards or degrades the material or machinery, Responsible Parties must put in place hand hygiene stations for between use and/or supply disposable gloves and/or limitations on the number of employees using such machinery
 - Responsible Parties must provide for the cleaning and disinfection of exposed areas in the event an individual is confirmed to have COVID-19, with such cleaning and disinfection to include, at a minimum, all heavy transit areas and high-touch surfaces (e.g. shared tools, equipment, machines, work stations, keypads, telephones)
- CDC guidelines on "[Cleaning and Disinfecting Your Facility](#)" if someone is suspected or confirmed to have COVID-19 are as follows:
 - Close off areas used by the person suspected or confirmed to have COVID-19
 - Affected areas need to be close off and cleaned and disinfected
 - If an employee of a food truck is suspected or confirmed to have COVID-19, the food truck must be closed until cleaned and disinfected
 - Open outside doors and windows to increase air circulation in the area
 - Wait 24 hours before you clean and disinfect. If 24 hours is not feasible, wait as long as possible
 - Clean and disinfect all areas used by the person suspected or confirmed to have COVID-19, such as offices, bathrooms, common areas, and shared equipment
 - Once the area has been appropriately cleaned and disinfected, it can be reopened for use
 - Workers without close or proximate contact with the person who is suspected or confirmed to have COVID-19 can return to the work area immediately after cleaning and disinfection
 - Refer to DOH's "[Interim Guidance for Public and Private Employees Returning to Work Following COVID-19 Infection or Exposure](#)" for information on "close or proximate" contacts
 - If more than seven days have passed since the person who is suspected or confirmed to have COVID-19 visited or used the facility, additional cleaning and disinfection is not necessary, but routine cleaning and disinfection should continue
- Responsible Parties must prohibit employees sharing food and beverages among themselves, encourage bringing lunch from home, and reserve adequate space for employees to observe social distancing while eating meals

	<ul style="list-style-type: none"> • Responsible Parties must ensure that all condiments provided directly to customers be in single-use disposable containers or reusable containers that are regularly cleaned and disinfected, ideally between each party's use • Responsible Parties should ensure that guests are provided with single use, paper, disposable menus and/or that menus are displayed on white boards/chalk boards/televisions/projectors, where possible <ul style="list-style-type: none"> ○ If non-disposable menus are used, Responsible Parties must clean and disinfect the menus between each party's use ○ Responsible Parties should encourage customers to view menus online (e.g. on their own smartphone or electronic device) where possible • Responsible Parties must use pre-packaged silverware or pre-rolled silverware <ul style="list-style-type: none"> ○ Silverware must be pre-rolled while wearing masks and gloves ○ Responsible Parties must not offer or otherwise provide unwrapped straws and toothpicks
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> • Indoor capacity is limited to no more than 50% of the maximum occupancy for a particular area as set by the certificate of occupancy, exclusive of employees • Outdoor capacity is limited to the number of tables that can be safely and appropriately arranged such that each table is a minimum of six feet away from another • Ensure that a distance of at least six feet is maintained among workers at all times, unless the core activity requires a shorter distance (e.g. cooking, cleaning, clearing tables, maintenance) • Ensure that indoor and outdoor tables with seating for customers are separated by a minimum of six feet in all directions <ul style="list-style-type: none"> ○ Wherever distancing is not feasible between tables, Responsible Parties must enact physical barriers between such tables ○ The physical barriers must be at least five feet in height and must not block emergency and/or fire exits • Responsible Parties may allow customers to sit at indoor and outdoor bar areas, provided a distance of at least six feet can be maintained between parties (i.e. groups of patrons) • Responsible Parties must ensure that bar area staff keep a distance of at least six feet between each other and/or customers, when possible • Responsible Parties may seat as many individuals at a single table as the table allows, with a maximum of 10 individuals per table • Individuals seated at a table must be members of the same party but may be from different households • Communal tables in which multiple parties are seated at the same large table are only permitted if a distance of at least six feet can be maintained between the parties • Responsible Parties offering restroom access to customers must promote social distancing within and while waiting for restrooms • Responsible Parties may modify the use and/or restrict the number of work stations and employee seating areas, so that employees are at least six feet apart in all directions (e.g. side-to-side and when facing one another) and are not sharing areas without cleaning and disinfection between use • When distancing is not feasible (e.g. pick-up stations, cash registers), Responsible Parties may enact physical barriers (e.g. plastic shielding walls) in areas where they would not affect air flow, heating, cooling, or ventilation) and must not block emergency and/or fire exits <ul style="list-style-type: none"> ○ If used, physical barriers should be put in place in accordance with OSHA guidelines ○ Physical barrier options may include: strip curtains, plexiglass or similar materials, or other impermeable dividers or partitions

	<ul style="list-style-type: none"> • Responsible Parties should prohibit the use of small spaces (e.g. freezers or storage rooms) by more than one individual at a time, unless all employees in such space at the same time are wearing acceptable face coverings <ul style="list-style-type: none"> ○ However, even with face coverings in use, occupancy must never exceed 50% of the maximum capacity of the space, unless it is designed for use by a single occupant • Responsible Parties should put in place measures to reduce bi-directional foot traffic using tape or signs with arrows in narrow aisles, hallways, or spaces, and post signage and distance markers denoting spaces of six feet in all commonly used areas and any areas in which lines are commonly formed or people may congregate (e.g. clock in/out stations, health screening stations, breakrooms) • Responsible Parties must clearly signal six foot spacing in: <ul style="list-style-type: none"> ○ Any lines for customers waiting to order, pick up food, be seated, or use the restroom (e.g. by using tape or other equally effective means); and ○ Any pick-up or payment location (e.g. counter, table, register) • Responsible Parties must designate entrances/exits for customers and separate entrances/exits for employees, where possible • Responsible Parties should consider closing non-essential amenities and communal areas that promote gathering or are high-touch (e.g. vending machines, communal coffee machines) • Responsible Parties must put in place practices for adequate social distancing in small areas, such as restrooms and breakrooms, and should develop signage and systems (e.g. flagging when occupied) to restrict occupancy when social distancing cannot be maintained in such areas <ul style="list-style-type: none"> ○ Responsible Parties operating food trucks should implement such practices to the extent practicable • Responsible Parties should stagger schedules for their employees to observe social distancing (i.e. six feet of space) for any gathering (e.g. breaks, meals, shift starts/stops) • Where practicable, Responsible Parties should limit the numbers of entrances in order to (1) manage the flow of traffic into the building and (2) facilitate health screenings, as described below while remaining in compliance with fire safety and other applicable regulations • Develop a plan for people to maintain six feet of social distance while queuing inside or outside of the establishment for screening, as applicable
<p>Changes to Payment Systems</p>	<ul style="list-style-type: none"> • Where possible, Responsible Parties should allow for contactless payment <ul style="list-style-type: none"> ○ When contactless payment is not feasible, Responsible Parties should minimize the use of billfolds and present paper receipts only
<p>Other Operational Guidelines</p>	<ul style="list-style-type: none"> • Responsible Parties should increase ventilation with outdoor air to the greatest extent possible (e.g. opening windows and doors to kitchen), while maintaining safety protocols • Responsible Parties should encourage customers to wait in their car or outside at an appropriate social distance until food is ready to be picked up or they are ready to be seated • Responsible Parties should encourage customers to place remote orders online or by phone • Where possible, Responsible Parties should allow for contactless order, delivery, and pickup and/or implement curbside pick-up • Responsible Parties should consider allowing customers that will be seated to order ahead of time to limit the amount of time spent in the establishment

- Responsible Parties must post signs throughout the site, consistent with DOH COVID-19 signage
- Responsible Parties can develop their own customized signage specific to their workplace or setting, provided that such signage is consistent with the Department's signage. Signage should be used to remind employees and patrons to:
 - Cover their nose and mouth with a face covering
 - Properly store and, when necessary, discard PPE
 - Adhere to physical distancing instructions
 - Report symptoms of or exposure to COVID-19, and how they should do so
 - Follow hand hygiene and cleaning and disinfection guidelines
 - Follow appropriate respiratory hygiene and cough etiquette
- Responsible Parties must take measures to reduce interpersonal contact and congregation, through methods such as:
 - Limiting in-person presence to only those staff who are necessary;
 - adjusting workplace hours;
 - reducing on-site workforce to accommodate social distancing guidelines;
 - shifting design (e.g. A/B teams, staggered arrival/departure times);
 - prioritizing tasks that allow for social distancing over those that do not;
 - avoiding multiple crews and/or teams working in one area by staggering scheduled tasks and
 - using signs to indicate occupied areas; and/or
 - segmenting and batching activities, where possible, so individuals can adhere to social distancing and reduce the number of hands touching equipment at the same time
- Where practicable, Responsible Parties should discourage food preparation employees from changing or entering others' work stations during shifts, unless they are appropriately cleaned and/or disinfected, as appropriate
- Responsible Parties should designate discrete work zones for servers, where possible
 - Servers should serve specific zones in the restaurant to minimize overlap
- Responsible Parties should encourage customer reservations for seating, where practicable, to reduce the congregation of patrons waiting to be seated and served
- Responsible Parties must not provide customers with devices (e.g. buzzers) to provide alerts that seating or an order is available, unless such devices are thoroughly cleaned and disinfected between each use
- Responsible Parties are encouraged to use audio announcements, text messages, or notices on screens to communicate with customers awaiting an order or seating
- Responsible Parties are encouraged to phase-in reopening activities so as to allow for operational issues to be resolved before production or work activities return to normal levels
 - Responsible Parties should consider limiting the number of employees, hours, and number of customers available to be served when first reopening so as to provide operations with the ability to adjust to the changes
- Responsible Parties must affirm that they have reviewed and understand the state-issued industry guidelines, and that they will implement them

	<ul style="list-style-type: none"> • Responsible Parties should develop a communications plan for employees, vendors, and customers that includes applicable instructions, training, signage, and a consistent means to provide employees with information. Responsible Parties may consider developing webpages, text and email groups, and social media • To the extent possible, Responsible Parties should maintain a log of every person, including workers and vendors, who may have close or proximate contact with other individuals at the work site or area; excluding customers and deliveries that are performed with appropriate PPE or through contactless means • The log should contain contact information, such that all contacts may be identified, traced and notified in the event an employee is diagnosed with COVID-19 • Responsible Parties must cooperate with state and local health department contact tracing efforts <ul style="list-style-type: none"> ○ Responsible Parties cannot mandate that customers complete a health screen or provide contact information but may encourage customers to do so • Responsible Parties should refer to DOH’s “Interim Guidance for Public and Private Employees Returning to Work Following COVID-19 Infection or Exposure” regarding protocols and policies for employees seeking to return to work after a suspected or confirmed case of COVID-19 or after the employee had close or proximate contact with a person with COVID-19 • Responsible Parties must notify the state and local health department immediately upon being informed of any positive COVID-19 test result by a worker at their site • Responsible Parties must designate a site safety monitor whose responsibilities include continuous compliance with all aspects of the site safety plan • In the case of an employee, vendor, or customer who interacted at the business testing positive, the Responsible Parties must cooperate with the state and local health department to trace all contacts in the workplace, and the health department where the site is located must be notified of all employees logged and vendors/customers (as applicable) who entered the food service location dating back 48 hours before the individual first experienced COVID-19 symptoms or tested positive, whichever is earlier • Confidentiality must be maintained as required by federal and state law and regulations • Local health departments may, under their legal authority, implement monitoring and movement restrictions of infected or exposed persons including home isolation or quarantine • Individuals who are alerted that they have come into close or proximate contact with a person with COVID-19, and have been alerted via tracing, tracking or other mechanism, are required to selfreport to their employer at the time of alert and shall follow the protocol described and referenced above • Responsible Parties must conspicuously post completed safety plans on site for employees <ul style="list-style-type: none"> ○ The State has made available a business reopening safety plan template to guide business owners and operators in developing plans to protect against the spread of COVID-19

Official Orders and Guidance	<ul style="list-style-type: none"> Stay at home order expiration date: 6/10/20 Forward Virginia Blueprint Virginia Phase Two Reopening Guidance, effective 6/5/20 Executive Order 63 requires all individuals age 10 and over to wear a face covering when inside public buildings, including restaurants
Dine-In	<ul style="list-style-type: none"> Permitted, with restrictions
Employee PPE	<ul style="list-style-type: none"> Employees working in customer dining and service areas are required to wear face coverings over their nose and mouth, such as using CDC Use of Cloth Face Coverings guidance
Employee Health Checks	<ul style="list-style-type: none"> Prior to each shift, employers should ask that the employee self-measure their temperature and assess symptoms <ul style="list-style-type: none"> Please see VDH Interim Guidance for Implementing Safety Practices for Critical Infrastructure Workers During Widespread Community Transmission

Customer Health Checks / PPE	<ul style="list-style-type: none"> • Require customers age 10 and over to wear face coverings while entering, exiting, or otherwise traveling throughout the restaurant <ul style="list-style-type: none"> ○ Face coverings do not have to be worn while eating or drinking
Sanitation	<ul style="list-style-type: none"> • Use single-use disposable menus (e.g., paper) and discard after each customer • Reusable menus are not permitted in Phase 1 • Refilling food and beverage containers or implements brought in by customers is not allowed in Phase 1 • No self-service of food (except beverages), including condiments <ul style="list-style-type: none"> ○ Condiments must be removed from tables and dispensed by employees upon the request of a customer • Buffets must be staffed by servers. For self-service beverage areas, use beverage equipment designed to dispense by a contamination-free method • Perform thorough cleaning and disinfection of frequently contacted surfaces including digital ordering devices, check presenters, self-service areas, tabletops, bathroom surfaces, and other common touch areas every 60 minutes during operation. • Tabletops and credit card/bill folders must be disinfected between patrons • Table resets must be done by an employee who has washed their hands with soap and water for at least 20 seconds just prior to reset activities
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> • Occupancy must be limited to no more than 50% of the lowest occupancy load on the certificate of occupancy, if applicable, while maintaining a minimum of six feet of physical distancing between all individuals as much as possible • Provide a minimum of six feet between parties at tables, (i.e., the six feet cannot include the space taken up by the seated guest) <ul style="list-style-type: none"> ○ If tables are not movable, seat parties at least six feet apart. Spacing must also allow for physical distancing from areas outside of the facility's control (i.e. provide physical distancing from persons on public sidewalks) • Do not seat parties of more than 10 patrons <ul style="list-style-type: none"> ○ All parties, whether seated together or across multiple tables, must be limited to 10 patrons or less • Do not seat multiple parties at any one table unless marked with six foot divisions (such as with tape) • Only 10 patrons may wait for takeout in the lobby area at one time • Establish policies and practices for physical distancing between co-workers and between members of the public • Provide clear communication and signage for physical distancing in areas where individuals may congregate, especially at entrances, in seating areas, and in check-out lines • Limit the occupancy of physical spaces to ensure that adequate physical distancing may be maintained • Temporarily move or stagger workstations to ensure six feet of separation between co-workers and between members of the public • Only if you have a permit for outside seating can you have limited outdoor dining at 50% capacity, table spacing and employees wear masks
Changes to Payment Systems	<ul style="list-style-type: none"> • ☑ Encourage cashless transactions where possible
Other Operational Guidelines	<ul style="list-style-type: none"> • Bar seats and congregating areas of restaurants must be closed to patrons except for through-traffic <ul style="list-style-type: none"> ○ Non-bar seating in the outdoor bar area (i.e., tables or counter seats that do not line up to a bar or food service area) may be used for customer seating as long as a minimum of six feet is provided between parties at tables

	<ul style="list-style-type: none"> Keep game areas, dance floors, and playgrounds closed. If live musicians are performing at an establishment, they must remain at least six feet from patrons and staff Post signage at the entrance that states that no one with a fever or symptoms of COVID-19, or known exposure to a COVID-19 case in the prior 14 days, is permitted in the establishment Post signage to provide public health reminders regarding physical distancing, gatherings, options for high risk individuals, and staying home if sick (See samples at the bottom of this document)
Local Exceptions	<ul style="list-style-type: none">
State	Washington
Official Orders and Guidance	<ul style="list-style-type: none"> Stay at home order expiration date: 5/31/20 Safe Start Washington <ul style="list-style-type: none"> Restaurants can re-open for dine-in services at 50% capacity starting in Phase 2 (Date TBD) Phase 2 Restaurant / Tavern Reopening COVID-19 Requirements, detailed below
Dine-In	<ul style="list-style-type: none"> Restaurants limited to takeout and delivery
Employee PPE	<ul style="list-style-type: none"> Provide personal protective equipment (PPE) such as gloves, goggles, face shields and face masks as appropriate or required to employees for the activity being performed <ul style="list-style-type: none"> Cloth facial coverings must be worn by every employee not working alone on the jobsite unless their exposure dictates a higher level of protection under Department of Labor & Industries safety and health rules and guidance Refer to Coronavirus Facial Covering and Mask Requirements for additional details A cloth facial covering is described in the Department of Health guidance
Employee Health Checks	<ul style="list-style-type: none"> Screen employees for signs/symptoms of COVID-19 at start of shift Make sure sick employees stay home or immediately go home if they feel or appear sick Cordon off any areas where an employee with probable or confirmed COVID-19 illness worked, touched surfaces, etc. until the area and equipment is cleaned and sanitized
Customer Health Checks / PPE	<ul style="list-style-type: none"> It is strongly suggested customers wear a cloth face covering anytime they are not seated at the table (while being seated or leaving, or while going to the restroom)
Sanitation	<ul style="list-style-type: none"> Hand sanitizer should be available at entry for all staff and patrons (assuming supply availability) Single use menus are required for in-person dining Any condiments typically left on the table (ketchup, soy sauce, etc.) must be single-use or sanitized after each use
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> Guest occupancy must be 50% of maximum building occupancy or lower as determined by the fire code Outdoor seating is permitted but must also be at 50% capacity Outdoor seating does not count toward the building occupancy limit All parties and tables must be 5 guests or less Tables must be placed far enough apart when measured from occupied chair to occupied chair, to ensure dine-in guests seated at a table are a minimum of 6 feet away from guests at adjacent table, or there must be a physical barrier or wall separating booths or tables

	<ul style="list-style-type: none"> • If the establishment does not offer table service, they must have protocols in place to ensure adequate social distancing at food and drink pick-up stations, and seating within their dining area • Restaurants must have implemented a plan to ensure proper physical distancing in lobby/waiting areas/payment counters • Minimize the number of staff serving any given table. It is strongly recommended that one staff person take a table's order, bring all of their beverages/food/utensils, take their payment, etc. • Maintain minimum six-foot separation between all employees (and customers) in all interactions at all times • When strict physical distancing is not feasible for a specific task, other prevention measures are required, such as use of barriers, minimize staff or customers in narrow or enclosed areas, stagger breaks, and work shift starts
Changes to Payment Systems	<ul style="list-style-type: none"> • N/A
Other Operational Guidelines	<ul style="list-style-type: none"> • No bar seating is permitted during Phase 2 <ul style="list-style-type: none"> ○ If an establishment has bar seating it must be closed off to prohibit use • Buffets and salad bars are not permitted at this time but may be addressed through subsequent interpretive guidance • If the establishment offers table service, create a daily log of all customers and maintain that daily log for 30 days, including telephone/email contact information, and time in <ul style="list-style-type: none"> ○ This will facilitate any contact tracing that might need to occur
Local Exceptions	<ul style="list-style-type: none"> • Check with county officials regarding which stage your county is in
State	West Virginia
Official Orders and Guidance	<ul style="list-style-type: none"> • Stay at home order in effect until rescinded • Executive Order No. 39-20 Issued on 5/21/20 • Reopening plan; outdoor dining to resume (with restrictions) in week 2 of plan • Restaurant guidance
Dine-In	<ul style="list-style-type: none"> • Permitted, with restrictions
Employee PPE	<ul style="list-style-type: none"> • Face coverings: Require all employees to wear cloth face coverings at all times. Such coverings shall be cleaned or replaced daily
Employee Health Checks	<ul style="list-style-type: none"> • Post signage: Post signage on entrances that no one with a fever or symptoms of COVID-19 is permitted at the facility
Customer Health Checks / PPE	<ul style="list-style-type: none"> • Post signage: Post signage on entrances that no one with a fever or symptoms of COVID-19 is permitted at the facility
Sanitation	<ul style="list-style-type: none"> • Preparation: Thoroughly detail, clean, and sanitize the entire facility and continue to do so regularly, focusing such cleaning and sanitation on high contact areas that would be touched by employees and patrons • Sanitizing between each customer: Between diners, clean and sanitize table condiments, digital ordering devices, check presenters, self-service areas, tabletops, chairs and commonly touched areas <ul style="list-style-type: none"> ○ Discard any single-use items left by the last patron • Back-of-house cleaning: Implement procedures to increase cleaning and sanitizing frequency of surfaces in the back-of-house <ul style="list-style-type: none"> ○ Avoid all food contact surfaces when using disinfectants

	<ul style="list-style-type: none"> • Restroom cleaning: Clean and sanitize restrooms regularly, check restrooms based on the frequency of use, and ensure adequate supply of soap and paper towels at all times • Hand sanitizers: Provide hand sanitizer for use by patrons, including contactless hand sanitizing stations when available • Menus: The use of non-touch or disposable paper menus discarded after each patron use is strongly encouraged <ul style="list-style-type: none"> ○ If not feasible, reusable menus should be cleaned and sanitized between use by each patron • Disposable plates and utensils: The use of disposable containers and utensils is strongly encouraged <ul style="list-style-type: none"> ○ If disposable utensils are not available, silverware must be pre-rolled • Trash bins: Where restaurants use disposable containers and utensils, restaurants must place designated trash bins outside where patrons can dispose of all trash at the completion of their meal to minimize contact with wait staff. Bins should be placed in areas that do not create lines for patrons practicing proper social distancing • Beverages: Drinks should be served in cans or bottles. If cans or bottles are not available, disposable cups are strongly encouraged • Install barriers: Where practicable, physical barriers such as partitions or Plexiglass at cash registers or ordering windows should be used
Distancing and Occupancy Restrictions	<ul style="list-style-type: none"> • Indoor seating occupancy limited to 50% such restaurant’s seating capacity • Distance: Update plans for outdoor dining areas, redesigning seating arrangements to ensure at least six (6) feet of separation from seating to seating. Clear paths must be designated to allow diners to enter and exit the outdoor dining area without breaking the six feet social-distancing barriers • Party size: Limit outdoor dining party size at tables to no more than six (6) • Party type: Enforce social distancing of those not residing together while present on such entity’s leased or owned property • Waiting areas: Do not allow patrons to congregate in waiting areas. Design a process to ensure patron separation while waiting to be seated outside or pick up their take-away order that can include ground markings, distancing, or waiting in cars • No entry: Patrons are not permitted to enter or exit restaurants except to access restrooms, pick up a take-out order, or to access outdoor seating areas. <ul style="list-style-type: none"> ○ Mark ingress/egress to and from restrooms to establish paths to restrooms and outdoor dining areas to establish paths that mitigate proximity for patrons and staff • Limit contact with outdoor dining guests: Limit contact between workers and patrons by reducing the number of visits wait staff makes to each outdoor table
Changes to Payment Systems	<ul style="list-style-type: none"> • Use contactless payment options where possible to reduce person-to-person contact
Other Operational Guidelines	<ul style="list-style-type: none"> • Reservations: Where practical, implement a call-ahead seating model • No buffets: Do not offer self-serve salad bars or buffets in outdoor dining areas • No self-service: No self-service food, drink, condiment or utensil stations are permitted for outdoor dining • ABCA Regulations: To facilitate restaurants offering outdoor dining, in addition to their takeaway and delivery services, the West Virginia Alcohol Beverage Control Administration (“ABCA”) is developing a streamlined process with no fees for a restaurant to temporarily expand their floor space to include new or expanded outdoor dining space. Additional guidance on this process will be issued by the ABCA • Dining only: Limit activity to outdoor dining or pickup of food or beverages to be taken away

	<ul style="list-style-type: none"> ○ No live music, and all restaurant playgrounds shall remain closed.
Local Exceptions	<ul style="list-style-type: none"> • N/A
State	Wisconsin
